

# Sermon Guide

## “Jesus, True & Better Wise Men”

November 26, 2023

Matthew 2:1-4

- 1. The heart of faith is the one that is continually seeking. The first thing Jesus asks the disciples is, “What are you seeking?” RD said that Jesus’ question is a good question for all of us to ask about our lives.** In what ways are you seeking Jesus right now? Where are you struggling to seek Him?
- 2. RD said the whole point of faith is to worship, or ascribe worth, to Jesus. He also said that, over time, we experience a deadening of our worship and wonder.** Do you experience wonder in your relationship with Jesus right now? If not, why?
- 3. We learn the following about God:**
  - **God wants to reveal Himself. He wants you to know Him.**
  - **God desires all people to know Him. Christ is Lord over all people.**
  - **God is sovereign. He is all wise, all good: He does all for His glory, and He does all for your good.** Which of these three points about God stood out to you most? Why?

**Prayer Prompt:** In what ways do you want to see your faith grow? Perhaps you want more of a heart to seek Jesus. Maybe your worship and wonder feels deadened. Or perhaps some of what we learned about God doesn’t feel real to you. Share what area you want to grow in your faith and then spend time praying as a group (pray for the person to your left).
