

# Sermon Guide

## **“Jesus, the True & Better Ten Plagues of Egypt”** **September 24, 2023**

### **Exodus 7-10**

- 1. Greg helped us to understand how God used each plague to breakdown the false Egyptian gods and also prophesy His future plan. Recount a couple of the plagues.** Then, discuss the following: What was the original Egyptian significance? How did the Lord prove His power over it? What does it tell us about Christ?
- 2. In the Old Testament, the Israelites repeatedly fall into a cycle of sin and straying from God. This week we learned that God destroyed the idols of Egypt, freed the Israelites, and then prepared Moses to deliver the Ten Commandments, only for the Israelites to build a golden calf to worship instead. This habitual pattern of sin is also the fight of the Christian life.** What sin cycles or idols do you see present in yourself or your family?
- 3. Greg reminded us that the beauty of the Gospel is that God fights for us and with us.** Do you believe that today? Where have you seen God’s faithfulness to fight with you (in this season or in past seasons)?

**Take Your Next Step of Faith.** What next step of faith will you take in response to today’s teaching?
