## DEMYSTIFY Message Series

**Love of the Holy Spirit**  
for the week of February 23, Parkland  
For the week of March 1, Graham

1. If you could have one superpower what would it be and why?
2. What is one Spiritual Gift or spiritually developed talent you would like to have?

Read 1 Corinthians 12:31-13:13

3. Why do you think Paul elevates love above all the other gifts? What characteristics of love does he list that make it greater than all other gifts?
4. Consider verses 4-7. Does this description of love differ from how you sometimes behave or how you see Christians generally behaving in our world today? What stands out as a clear example?
5. Re-read 1 Corinthians 13:8. If knowledge ultimately passes away, it cannot be the sole purpose of studying the Bible. What are some reasons why it is good to study the Bible now? What might be some of the limitations?
6. What does your Bible study produce? In other words, how have you seen your Bible study change the way you as a group love those around you?
7. Of the three things that “remain” where do you feel you are lacking the most today? Take a moment to consider, as a group, how you might encourage each other in that area this week.
8. Finally, take a moment how you individually and as a group might engage another person, group, church, organization, neighbor, school, or gathering of people in Pierce County to act on this love that God is calling you to.
