

# God's Amazing Plan

---

Missions: A slice of the pie or an ingredient?

## Mission is an Attribute of God!

How the Trinity is in missions.

How the church is in missions.

## God's Story and Your Story

Gen 3

Gen 11

Gen 12:1-3

The nation Israel:

- To demonstrate God's greatness to the world
- Shows that we don't have the Life in ourselves to live righteously
- The setting for the Savior to come

New Testament: the cross, the resurrection, the church

Believers: part of the plan from since 'before time'. Eph 1:4, Rev 13:8

Jesus' most important message between his resurrection and ascension: we have records of 5 different conversations that are all about the mission of God given to the church: Mt 28:18-20, Mk 16:15, Lk 24:47, Jn 20:21, Ac 1:8

Living with the end in mind. Rev 7:9

Linear discipleship plus the sacred/secular divide – versus – big picture focused discipleship.

What is the full scope of what Christ did for you?

Today's world. Globalization. Needs. Glory of God.

When you look at lostness: Missions is because worship isn't!

When you look at the cross and God's greatness: Missions is because worship is!
