

10.04.2026

Summary

Dr. Dennis Burke shares a word the Lord gave his wife Vicki: 2026 is “the year of the fix.” He unpacks what “fix” means through six themes: **shift, reorder, authorize, anchor, restore, and infuse**. A personal story about being stranded in Paris by a volcanic ash cloud shows how a spoken word of faith can change the direction of the winds. He teaches that we release God’s power through our words, our imagination, and the authority Jesus has given us. The explosive, resurrection-level power of God is already inside every believer.

Top Points

1. **2026 is the year of the fix.** “Fix” carries 50+ meanings, including to shift, reorder, authorize, restore, equip, heal, and renew.
2. **A shift in the Spirit unleashes a move of God.** Things can change direction, even to the point that there is no evidence they were ever there, as with the locusts.
3. **Words release power.** The Holy Spirit moves as we declare and decree what God has said. A declaration is for receiving, and a decree releases authority like a king’s announcement.
4. **Declare the truth, even against the facts.** Faith doesn’t deny what’s happening. It refuses to let disease or discouragement remain. Keep declaring, whether it’s three times or three days.
5. **Don’t live by your feelings.** Feelings can contradict what God has already done, so choose God’s Word as the final authority.
6. **Reorder your life under God.** Examine your habits and mindset. The Holy Spirit convicts but never condemns.

7. **You've been authorized.** Jesus gave believers power of attorney to act in His name and in His stead.
8. **Be anchored in hope.** Culture, symptoms, and condemnation create currents that cause us to drift. Hope is a confident expectation, and Scripture feeds the imagination that gives faith something to lay hold of.
9. **God restores what was stolen.** Peace, health, and family can all be restored.
10. **You've been infused with God's power.** The explosive, resurrection-level strength of God already lives in your spirit, and you release it by your words and faith.
