Summary

Join Youth Pastor Joshua Andrade as he discusses the power of words when combined with faith! Listen in and learn why believers should be careful about what they say and start replacing negative words with God's Words! As believers, we must speak scripture and truth instead of our circumstances. When we do that, transformation occurs. Using biblical examples from the lives of Samuel, Moses, and Paul, Pastor Josh demonstrates how one word from God can change not just an individual's life but impact generations. Come be encouraged to move beyond feeling inadequate about your knowledge of scripture and instead focus on speaking God's truth in faith.

Top Points

- Words combined with faith have power to create reality, whether positive or negative.
- Christians should be mindful of their speech, avoiding negativity and speaking God's Word instead.
- The church is called to be a "word of faith" community that speaks testimony and declares faith.
- Even enemies of God, like Saul (who became Paul), can be transformed by hearing one word from God.
- Spending time with God through prayer and fasting leads to clarity and discernment.

Top Quotes

- "Facts are facts...Truth is **Truth**, Church."
- "His word given to me becomes **my** word."
- "Be careful what you say, because your words carry power and your faith causes it to explode."
- "If there's nothing good to say, keep your mouth closed. Because it releases something in the atmosphere that affects everyone and everything."
- "God says, copy me. Take My words...use *exactly* what I said word for word."
- "God has never been a respecter of a person. He's always been a respecter of faith."
