

Better at Every Age:

Believing for More in Every Season

10.18.2026

Summary

Continuing the “Year of Better” theme, Pastor Jaime teaches that every giant is an opportunity and every obstacle can become a platform. He encourages the church not to shrink back or quit, but to stay the course until their due season. He also warns that a “set it and forget it” mindset can set in at any age, whether 30, 50 or 80, and that we should never limit what God can do. He closes with his own vision of finishing every decade of life strong, and prays that the last months of 2026 will be the best of the year.

Top Points

1. **Every giant is an opportunity.** David ran toward Goliath, asking what the reward was, not how big the giant was.
2. **Fallen giants become platforms.** Our victories give us a testimony and a way to lift others.
3. **Don’t shrink back.** We are people of faith who persevere (Hebrews 10:39).
4. **Stay the course until your due season.** Better seasons are still ahead (Galatians 6:9).
5. **Better often requires a reset.** Changes can be inconvenient, but what’s coming is better than what you have now. He illustrated this with a refrigerator that turned out to be recalled and replaced.
6. **Quitting is different from putting something down.** Sometimes God says to put down what he never sent you to do and come back to where he called you.

7. **Expect resistance, even in the will of God.** The enemy is active, so keep standing on the Word and walking it out.
8. **Don't quit on your marriage or your loved ones.** Keep leaning in and trusting God.
9. **Age is not a limit.** Whether in your 30s or 80s, don't settle or believe your best days are behind you.
10. **The church needs every generation.** Pastor Jaime specifically called on the 30-somethings to step up.
11. **God is not bound by our age, but he is moved by our faith.**
12. **Finish every season strong.** Believe for better to the very end, and finish the year strong.
