Summary

Drawing from Luke 5:17-20, Isaiah 10:27, Acts 1:8, and 1 John 2:20-27, Men's Pastor, Wilfredo Contreras shares a powerful message revealing that every believer already carries the anointing of God — the miracle-working power of the Holy Spirit — living on the inside. The key that unlocks that anointing is love and faith operating together. Just as four friends loved a paralyzed man enough to tear through a roof to get him to Jesus, when we act in genuine love for others, the anointing stirs and God's power flows freely. The sermon challenges the church to stop living beneath their spiritual inheritance and to daily activate the anointing within

Top Points

- Love is thinking of someone else before yourself — it's the driving force behind every miracle recorded in this message.
- The word Christ means the Anointed One. If Christ lives in you, then the anointing lives in you.
- The anointing is the power of God to destroy yokes and bondages in every area of life.
- You receive that power through the Holy Spirit (Acts 1:8), and once you're born again, it abides in you permanently (1 John 2:27).
- Activating the anointing requires experience — the more you praise, pray, and step out in love and faith, the more the anointing flows.

- When you operate in love, everything that is of God — power, glory, faith, healing, miracles — begins to operate in you.
- Jesus himself used the Word of God three times to defeat Satan; we must learn to wield the anointed Word in our own battles.
- Faith and love together are the ignition switch of God's supernatural power in your daily life.
