Discuss:

1. What is the one sin you don't want anyone to know about? 😊 Just kidding... I'm not going to make you do that; this isn't the right place...
2. ...But let me ask this, where are you most tempted to put on a mask? Like, if you're going to put on a mask where is that likely going to be? In what environments and/or what situations?
3. Read Gen. 3:7-13 and discuss. What compelled Adam and Eve to hide and cover up? How are we tempted to do the same?
4. What are some of the fears you experience when we talk about being real or being honest in community?
5. What are some of the pros and cons to genuine/authentic community? What are some of the real benefits and real dangers?

6. Read Romans 12:9 and discuss. How might this serve both us personally and our church.
