"Human beings are community dwellers just as the Eternal Trinity, Father, Son and Holy Spirit live in community. So also we who are made in God's image are meant to live and love in community."

Tom Ashbrook -

"Every time you're with these people they turn the flywheel of your love relationship with Jesus....they're always pointing you back to Jesus...when you're with these people, you feel free to be your truest self, as authentic as you can be."
