**How can we shift from Add to Multiply?**

**“Multiply” happens when all the “adds” add.**

**“Add Model” = We can do it, you can help.**

**“Multiply Model” = You can do it, we can help.**

**The shift happens when you change:**

- 1) Your mind (Believe, then embrace a new math)**
- 2) Your metrics (What you count and what makes you cry)**
- 3) Your methods (release your gifts, help send our best, give sacrificially)**

## **Discussion Questions**

- 1) What impacted you the most from this week’s message? Encouraged you? Challenged you?**
- 2) How have you experienced the difference between “add” and “multiply” in your life?**
- 3) Pastor Michael said the “Add Model” = “We can do it, you can help,” but the “Multiply Model” = “You can do it, we can help.” Have you experienced the difference between those two models? Explain.**
- 4) Why do you think most churches never step into a “Multiply” mindset? What keeps us from trusting God’s Math?**
- 5) What’s it look like for you to take a step as an individual ‘add’ this week? How will you ‘add’ so we as a church can ‘multiply?’**
