Discussion Questions

- 1) What impacted you the most from this week's message? Encouraged you? Challenged you?
- 2) Many people ask one another; "Who do you think God is? What's your name for God? What's your spirituality, your religion, your philosophy, and your ideology?" "I think God is this," "I think God is that," "I think God's name is this," and, "I think God's name is that." "And I think that everybody's talking about the same God—we just use different names." But what does the Word of God say?
- 3) Read Jeremiah 14:14. In what ways do you believe you may have used His name falsely? If you get a word, and it isn't in the Word, it isn't a word!
- 4) Sometimes the fakest thing about us is us. We can go to church; sing songs; say the right words; tithe; give on top of that, and never actually have an encounter with Jesus. Why is this all too common? Do we live/believe in the power of His name?
