Discussion Questions

1. If even Jesus lived life in a Small Group, why do we think we can live any other way?
2. We see in Acts 2 how the Church should be structured. Meeting in the Temple, and also breaking bread together. Why do you suppose more time and emphasis were spent on the breaking of bread together compared to meeting in the Temple?
3. If we see all throughout the animal kingdom the value of “strength in numbers,” then why do you think (generally speaking) we, as Christians, avoid living in fellowship? Especially when it comes to our hearts?
4. The calling/dream God has given you will be met with opposition of all sorts of trials, struggles, and hardships. Jesus promised us this. Who do you have on your team to hold your arms up when you become weary from the opposition? Who’s arms are you holding up?
5. We all have a purpose/calling that God has given us, and the only way to walk out that calling is to surround ourselves with God’s people. Evaluating the Fellows in your Ship, will they assist you in fulfilling that purpose? Why or why not?
