Study Guide

The Definition of God's Sovereignty: God's sovereignty means He is the supreme ruler over all creation.

Something to think about: How does knowing that God rules over everything reshape how you view the things that seem out of control in your life?

God's Name "Yahweh": Highlights His eternal, self-existent, and personal nature.

Something to think about: In what ways does recognizing God as "Yahweh" encourage you to trust His sovereignty more deeply in your personal life?

God's Power: God established His throne from eternity.

Something to think about: God was never given authority but always had it. How does this truth affect your confidence in Him when life feels unstable?

God's Rule: Psalm 103:19 affirms that God's throne is in heaven, and His kingdom extends over all creation—seen and unseen.

Something to think about: How does knowing that God's kingdom rules over all things bring peace to your mind when you're confronted by chaos in the world?

Over History: God Declares the end from the beginning. What He wills, He fulfills.

Something to think about: What events in your life or the world have seemed random, but now you can see God's hand in them? How does this help you trust Him with the future?

The Application of God's Sovereignty: God works even our poor decisions into His greater plan. His sovereignty doesn't cancel our responsibility, but it assures us that His will is unstoppable.

Something to think about: What area of your life feels uncertain or unplanned right now? How can trusting God's sovereignty shift your perspective or reduce your anxiety?

God Will Finish What He Started: Whether it's the unfolding of world events or your personal growth, God finishes what He begins.

Something to think about: What has God initiated in you that you need to trust Him to complete? How can you remain faithful, knowing He is still working?
