## Study Guide

**God's Love Clarified** - Our culture or experiences don't shape God's love; it flows from His very nature. While the world's definition of love is often shallow or self-centered, God's love is holy, constant, and true.

**Something to think about:** How has your understanding of love been shaped more by culture than by Scripture?

**God's Love is Steadfast** - Because God is Spirit, His love is unlimited — not bound by time, space, or feelings. You are never out of reach from His love.

**Something to think about:** In what ways have you doubted the consistency of God's love, especially during trials?

**God's Love is Holy** - God's love never compromises His righteousness. He loves us enough to lead us away from sin and toward truth.

**Something to think about:** How does understanding God's holiness affect how you receive and share His love?

**God's Love Defined** - God's love didn't begin with creation — it existed eternally within the Trinity. His love is self-giving, sacrificial, and the foundation of all He does.

**Something to think about:** What does it mean for you that God's love existed before you were born?

**God's Love Expressed to Creation** - God's common grace reveals His love in practical, everyday ways — food, beauty, seasons, and joy.

**Something to think about:** How can recognizing God's goodness in creation grow your gratitude?

**God's Love to Sinners** - God's love goes beyond kindness — it is grace to those who don't deserve it. That means you are loved, not because you're lovable, but because He is love.

**Something to think about:** How does your life reflect the reality that God loves the unlovable, including you?

**God's Love Proved** - The cross is the ultimate evidence of God's love. Jesus didn't just say He loves you — He showed it.

**Something to think about:** How does the cross prove God's love personally to you?
