

# "Glorifying the God of Endurance and Encouragement"

*Romans 15:5-7 / August 15, 2021*

What difference would it make in your life/week to regularly consider God as the God of endurance and encouragement? How have you seen God's endurance in your life personally?

In what ways does living in harmony with one another as a church family hard? How would the church living in harmony under Christ show the good news to our neighbors and friends?

How would you put into words the way that Christ has welcomed you thus far in life? What are some ways you need to remember that Christ welcomes you?

Is there anyone in your circle that God wants you to welcome into more of your life? Who can the community group pray for that God would welcome to Himself that you know? (Be careful as you share to honor those we are praying for. Consider just using initials or first names if you believe the person you are praying for might feel odd if they knew you were praying for them.)
