

## A Blueprint for National Blessing

### 2 Chronicles 7:14

It's been said that those who fail to learn from history are determined to repeat it. That's a good lesson for us to remember as we approach Independence Day. If there's one lesson we need to learn from history, it's that the stability of any country is dependent upon the morality of its people.

#### I. What \_\_\_\_\_ are responsible for the country?

- A. The people who are responsible are \_\_\_\_\_ people.
- B. The history of the nation of Israel makes it clear that there is a direct correlation between the \_\_\_\_\_ of God's people and the \_\_\_\_\_ of the nation in which they are living.
- C. God blessed this nation because its people were \_\_\_\_\_.
- D. The \_\_\_\_\_ of our country rests in the hands of \_\_\_\_\_ people.

#### II. A fourfold prescription for \_\_\_\_\_.

- A. We are to \_\_\_\_\_ ourselves.
- B. We are to be a people of \_\_\_\_\_.
- C. We must \_\_\_\_\_ the \_\_\_\_\_ of God.
- D. We must \_\_\_\_\_ of certain things.
  - ❖ If we do these things, God promises that He will \_\_\_\_\_ the land.
  - ❖ Christian people ought to be the ones who are holding high the \_\_\_\_\_ of \_\_\_\_\_.
