

Money touches nearly every part of our lives—our choices, our relationships, and even our sense of security. In today’s message from the book of Proverbs, we’ll explore what God’s wisdom teaches us about money. As Solomon reminds us, money itself isn’t evil or ultimate, but it *does* reveal where our trust lies. This message invites us to reshape our perspective, moving from fear or control toward faith, generosity, and wisdom that comes from God alone.
