

God's Sovereignty

2 Samuel 17:1-14

There is always a tension between the idea of a sovereign God, whose plans and purposes will be carried out no matter what, and people who exercise free will and make choices. How much of what happens in life is the result of God making it happen, and how much of it is us making it happen? Let's see how this plays out in the story of King David.

- God is at work _____ the scenes, _____ the scenes, and _____ the scenes.

- God is sovereign, but we have _____.

- _____ can sometimes _____ the hand of God.

- Whatever challenge you may be facing in your life, there is a combination of _____ part and _____ part.
