

Living Expectantly *Revelation 21 - 22*

Revelation doesn't intend to tell us when Jesus will return, but it does intend to ensure us that He will. The problem of suffering, the perseverance of living on mission, the pain of facing God's enemies, and the patience of waiting out the war all find their answer in the presence of Christ. His presence changes everything. And with that as our promise, we can live our lives with the expectation that heaven awaits us.
