

Why We Fuss and Fight

2 Samuel 2:8 – 3:1

In his epistle, James asks the question, “Why do you fight and argue with each other?” And then he answers that question by saying, “Isn’t it because you are full of selfish desires?” (4:1). Today we are going to see how that plays out in our text as we continue in our study of King David.

- Israel was God’s kingdom and that meant that _____ is the one who decides who gets to be king next.
- Whenever we fuss and fight _____ is the result.
- In the church, it is a sad thing when we _____ who the _____ is.
- The question should never be, “How can ____ fight and win and get what ____ want?” but rather, “How can I _____ and _____ God?”
