

It's Past Time to Talk

October 2, 2021

This morning we begin our series from Galatians 3:28 titled “No Longer.” Specifically we look at two pressing concerns for our church: racial reconciliation and women and their leadership gifts. Fill in the notes below as you listen along.

Pat begins by comparing our baptism and discipleship commitments to “wedding vows.” Do you think this is a helpful comparison? Why or why not?

Name some vows you feel like you have made with Jesus. Which are easier to keep? Which are more difficult?

Of the two critical issues at hand (race and women), which do you find most pressing? Why?

Pat lists several convictions he has for this series, write the convictions below.

Of the convictions, which is most challenging for you?

What role do you think listening and prayer should have as we journey

together in this series?

Name an action you can take this week that helps you live into your vow with Jesus.
