Prayers for Peter

Listen to Peter:

Sifting is Preparation for Ministry

- Peter was a natural leader

- But Peter was unfit for ministry

The Importance of Failure

“ We see that in his sovereignty, The Good Shepherd is allowing Peter to enter a rocky, desolate, dangerous and painful place, so that in future years such places will hold no terror, for Peter will have learned wherein his SAFETY LIES.” And it HAS to happen to Peter. It cannot simply be a neat piece of teaching for him. It cannot simply be a clever point in a sermon. He has to experience it, to live it. His own utter inadequacy has to be etched into his being if he is ever to experience the adequacy of Christ as the sure foundation for his discipleship.”
