Every day, teens report to the "front lines" of the culture wars---struggling to defend Christian beliefs in a cynical postmodern world. Equip the young people you know with sharp critical-thinking skills *and* an arsenal of convincing evidence that the Christian faith is not based on wishful thinking or legend, **but** on solid historical fact!

Is Jesus really the Son of God, the Messiah? Lee Strobel wasn't so sure. So he decided to use his award-winning journalistic skills to investigate Jesus and prove once and for all if all the claims about him are true. *The Case for Christ Student Edition* adapts Strobel's *New York Times* bestselling book to present hard-hitting findings as well as Lee's journey from skepticism to belief in an easy-to-follow manner so you can make a decision about Jesus for yourself.

There's historical proof a guy named Jesus **walked** on the earth... but was he really performing miracles? Did he actually rise **from** the dead? And was he truly the prophesied savior he claimed to be? Lee Strobel found **it** all hard to believe, and his doubts led him to ask the tough questions and dig into the **real** evidence to see if the Bible's claims **and**

Jesus's words were true. Inside this book is the scientific data, expert testimonies and interviews, cross-religious comparisons, historical and archeological proofs he discovered during his investigation, and the conclusion he finally came to about Christianity that changed his life forever. All the facts and the answers to important questions are in—what will your verdict be?
