

Bottom of the Ninth (Part 2)

“Remembering to Capture the Moment!”

A picture reminds us of a moment!

Today’s message is not just for people in the bottom of the ninth situations, today’s talk will help us “prepare” for the bottom of the ninth situations.

Moments of Dark and Moments in Light

When we are in moments of darkness we need to be able to remember the moments of light.

Our tendency is to doubt in the dark what we learned in the light! We need reminders to remember the light!

Joshua 3:14-17

Joshua 4:1-2

Joshua 4:3-7

God wants you to have something you can point to from the light, when you journey into the dark, because God does not want any of us to doubt in the dark what we've learned in the light!

Table talk!

- Can you think of a time when you were in a time of darkness and there was a source of light and unexpected good came from out of it?

Memorialize what God did in the light, so you can point to what he can do in the dark!
