## Discussion Questions

1. What's one miracle story from Jesus' life that sticks with you or hits home for you?
2. Have you ever experienced something in your life that felt like a miracle - big or small?
3. Is there something you're believing for right now that feels impossible?
4. What do you think gets in the way of believing for miracles sometimes?
5. How can we support each other - not just in praying for miracles, but in trusting God
