Numbers 13:30-31, Genesis 15:20

- There's always going to be giants and opposition to deal with
- There will always be temptation in your life
- There is a God that's already declared victory
- Sometimes all it takes is one bad report. I'm going to trust God!
- You don't have to settle for your current circumstances. Whose report will you believe?
- God is greater than any giant and will bring you out
- God heal instantly
- When God does something, it will amaze you
- There will be giants
- Your adversary wants to see you fail
- Troubles and storms are still brewing
- Giants have always been there
- The only way to enter into the promises of God is to confront your giants. You can't make peace with them
- They will always undermine your faith, so conquer them!
- This is a war against our families. You have to be careful what you allow into your home
- We've been distracted by things that have no eternal value
- The winner takes all!
