Joshua 9:1-6, 14-15

- The church was victorious and on the march
- Hell hates a victorious church
- The enemy will do anything he can to try to stop the Church
- The enemy will do anything to hinder your personal growth
- When you make up your mind to follow God and do His will in your life, Hell will not sit by and let you carry on unopposed.
- There will be opposition
- Sometimes the devil will hit you with a full frontal attack
- If God is fighting for you, it's never a fair fight
- The onslaught of hell is always destined to fail
- God has promised us victory if you will pray and turn from your wicked ways
- The enemy is gambling that he can keep your guard down long enough to strike the fatal blow
- Be careful- you can't believe everything you hear and see
- If you see the attack coming, you know how to brace yourself and pray
- We have to be vigilant
- The devil knows the tricks that he needs to succeed in your life. He knows your weaknesses.
- Do the right thing first. Pray and seek the Lord
