- One Word can change everything
- Who talks at your table?
- The greatest thing you can invest in is a table
- It's at the table where you can find the heartbeat of the father
- God's methods have always involved Him meeting people at the table
- The table is the classroom of the soul
- What is the voice you let shape your children?
- Discipline, devotion, and prayer
- Your table is your life
- Voices are in constant battle for your attention
- Be careful of who you allow to sit at your table
- Satan wants to dine at your table
- Satan will take everything he can get his hands on
- Stay faithful. Be full of integrity
- The voice of the enemy crosses you
- God called you
- Your identity in Christ is still valid today
- Let God speak in your life
- Don't let the wrong voices at your table
- Not every voice is speaking from God
- The lawless one is already at work. Don't be deceived
- Satan uses false miracles
- Not every open door is a divine one
- Believe not every spirit
- Try the spirit
- Hide His Word in your heart
