- We have to know who is with us and who is against us
- There's been a change
- The church is moving on with or without you. You decide
- The pew is not optional
- Don't be drifter
- Jude was close to Jesus but his heart was far from belief
- You can be in proximity of Truth and never know the Savior
- Belong, believe, become
- We are shaped into the people that God can use
- Common faith is shared faith. Sharing is caring
- We can't do this by ourselves
- When fewer people participate, things get tight. Resources are limited
- Encourage, don't neglect
- Contend for the faith. God will honor you
- This is worthing everything
- Contending is not being contentious
- What you hold is priceless. Fight for it
- It's for everyone
