- We must not abandon the process
- Spiritual labor brings forth spiritual fruit
- God brings forth positive things from your labor
- Labor is painful
- Children must be born into the Kingdom
- It takes work!
- We must be praying, interceding, and fasting
- We need an Apostolic move of the Holy Ghost
- We need to hear and learn the keys to the Kingdom
- We must be baptized in the name of Jesus and filled with His Spirit
- We need our children in the altar
- We need to be on our hands and knees praying and interceding
- We must reach the lost
- You must be born of the water and Spirit
- We need to fill the labor and delivery rooms
- When you get the Holy Ghost, old things become new. Things start falling off
