- Wherever Jesus is, there's miracles
- We are what we think
- We're here for the good news!
- Get rid of negative thoughts
- A negative perspective is more common than a positive one
- Today is the only day you have control over. Not yesterday or tomorrow
- Turn this world back to Jesus
- You need an environment where anything is possible
- God is all over this place
- One child can create an atmosphere that can change our worlds
- If you give something to Jesus, He will give you back greater and better
- God's got something great ahead for you!
- Whatever you have need of, if you trust and believe God's, He's more than able
- Step out by faith
- Talk about what God can do
- It's important to give God worship and praise
