- Darkness can't overcome the light
- I want that living water!
- His desire is to fill us with eternal resources
- Be willing to nurture your eternal resources
- Some things are miracles (immediate), some things are healings (over time)
- The prayer of faith is important. You can speak things into existence
- Don't doubt the Word but receive it
- God wants to increase your faith today
- There are some mountains that aren't meant to be moved, but climbed
- Prayers of righteousness may make you wait
- Sometimes God delays an answer
- Continue praying!
- God can't work through someone who quits
- God can work with you if you keep walking and don't give up
- We can't heal and restore, but God can!
- Line yourself up with God
- Righteousness is not perfection
- Have the mind of God
- Righteous prayer gives you peace
- God is for us. We can trust His Word
- Understand what His plan and purpose for you is despite what you're going through
- There's beauty in pain
- The angels fight battles that we're not supposed to fight when we call His Name
