

A Baby Changes Everything

8/23/26

Rev. Jeff Harpole

1 Samuel 1:4-8, Acts 2:38, John 14

- There is a spiritual battle taking place
- The Lord has a divine call for us. Our personal opinion can get in the way
- We bother ourselves
- We are watching the devaluing of the human mind
- There's something about the flesh
- Every time I went to do good, evil was with me
- You're going to struggle
- Subdue your flesh
- It's critical that we understand that we have to do something with our voices and time
- We have to get our bodies, time, and mind under control because people are lost and need to be saved
- Jesus can change your life
- A baby changes everything
- The house has to change, your schedule has to change. You see everything differently
- If you don't have a baby, you don't understand that you have to change everything
- It's time for us to have a baby (spiritually) in our lives. It'll change us
- There must be love in our church
- Don't let judgment eat away at you
- There's only one God. He's the chief Cornerstone
- You need a brand new start
