Numbers 35:10-15, Genesis 49:57

- Refuge= shelter and protection
- Where do we find refuge from failure?
- He came to bring sinners to repentance
- Prepare a way. There ought to be a church to clear the way
- He's on His way to bring refuge for the world
- Do you need refuge from something that is bothering you?
- God doesn't just choose the righteous for a refuge, but the redeemed
- He called us out of darkness and into His marvelous light
- He showed us grace and mercy
- We ought to be a refuge for the lost
- Don't fall out of the church and into the world and die. God will bring refuge and lift you up
- This church is a good place to fall because it's a refuge
- There is no condemnation for those who are in Christ
- There is no sinner too far from God
- Grace is not a license for loose living
- One invitation is all it takes
- Get people into the city- it's the goal
- Here there is a place of refuge
- You are safe here. We're here to grow together
- We need God!
- Speaking and moving go hand in hand.
- We must be willing to move!
