James 5:17-18, Genesis 12:2,10

- Pray with passion and be fervent
- Just because you are His child does not exempt you from going through some things
- Remind yourself that this is just a season
- The Lord knows exactly what you need. It's going to be God that brings you through
- Have a heart for the Kingdom of God
- Carnality will never hear what faith can hear
- The sound of rain should call you to prayer
- There is much power in righteous prayer
- Don't stop praying!
- Put work with your faith
- While you're waiting, do some praying
- There comes a time when we have to listen to the faith
- God is desiring to heal us and set us free
- The delay is what's distracting us
- Keep asking and put your faith in front of you
- Look with the eyes of faith
- Make a declaration in your heart- I believe!
- You can be called by God and still go through a famine
- Famine can tempt us to forget
- A famine does not cancel a blessing
- God hasn't changed His mind
