Numbers 14:21-24, Luke 1:6, 1 Corinthians 4:2, 1 Samuel 1:21, Micah 6:8

- David approached Goliath boldly, without fear
- Goliath was 9 feet tall, to the Philistines, he was the symbol of their strength
- David was a small, underdeveloped kid. He was a shepherd boy with no military training.
- All David had was his testimony
- David was armed with only a sling and 5 stones but he killed Goliath
- If you cut off the head, everything else goes
- The odds weren't in his favor, but David came away victorious
- Killing giants is incredible, but there's few giants to go around.
- Giants are few
- It's not the giant killer that determines the outcome of the war
- The smallest thing carries the greater significance
- Faithfulness is the most valuable virtue of the church. Show up and do the right thing
- Do you know how far a good attitude goes?
- Do the right thing when nobody's looking. You will have opposition
- Get back up again even if you're misunderstood
- Elkanah faithfully served the Lord and offered the yearly sacrifice
- Hannah prayed fervently
- Samuel came from faithfulness
