- What did you learn about the meaning of work by watching and listening to your parents?
- What was your first experience with a job? How did it shape you?
- What does work mean to you?
- How does your faith influence your work?
- Do you think your work has spiritual value? Why or why not?
- Do you think a person has to do a church job or a missionary job in order to “do ministry?” Or, is there some way your work “ministers” to people in a meaningful way?
- How would it change the way you work if you believed God called you to that occupation, equipped you for that work, and sent you to that position?
