**DARE TO
BELIEVE**
WHEN NORMAL ISN'T WORKING

Community Group Questions:

For this series, the Speakers are referencing verses from all throughout the Bible.

SPECIAL NOTE: When we talk about “belief” in this series, we’re not only talking about believing in God. Instead, we’re talking about the ability to believe in anything. Many people struggle to believe without evidence or experience or certainty.

- Do you agree with the premise that our culture struggles to believe (in anything)? Why or why not?
- What do people mean when they say, “If you can believe it, you can achieve it?” Do you think it’s true? Why or why not?
- What makes it challenging for people to “**believe in**” something these days?
- Why do you think it is easier for us to describe what we “**don’t believe in**” (or, what we are against)?
- In the “Dare to Believe” series, we have suggested, “Believing is brave.” Do you agree or disagree? Why?
- Do you know someone who has strong belief as a characteristic trait?
 - If so, describe how their ability to believe impacts their life.
 - How do you feel when you’re around them?
- Do you know someone who refuses to believe as a characteristic trait?
 - If so, describe how their refusal to believe impacts their life.
 - How you feel different around them.
- Is it difficult for you to tell people “I’m a believer?” Why or why not?
