**DARE TO  
BELIEVE**  
WHEN NORMAL ISN'T WORKING

### **Community Group Questions:**

*For this series, the Speakers are referencing verses from all throughout the Bible.*

*SPECIAL NOTE: When we talk about “belief” in this series, we’re not only talking about believing in God. Instead, we’re talking about the ability to believe in anything. Many people struggle to believe without evidence or experience or certainty.*

- Have you heard much teaching about the Holy Spirit in your journey with Christ? If so, what has been the main theme of those teachings? If not, why do you think he hasn’t been talked about more?
- The Holy Spirit is a very misunderstood member of the Trinity. What questions are you carrying about his roles and responsibilities?
- Why do you think we fixate so much on the “sensational” work of the Holy Spirit? (miracles, supernatural signs, spectacular gifts, etc.)
- How would it help us to learn more about the “transformational” work of the Holy Spirit? (breaking sin patterns, empowering radical love, inspiring bold witness, encouraging faithful resilience, etc.)
- In the weekend message, we talked about the relationship between thinking > feeling > behavior. Do you agree that feelings cannot be controlled? Do you agree that thoughts and behaviors can be controlled? Do you agree that the Holy Spirit helps us to think according to more truth, resulting in healthier feelings and behaviors? Why or why not?
