### **Community Group Questions: Acts 17:16-32**

1. What is your first memory of someone from another culture?
2. How would you describe your own culture? (Think more than ethnic group. For example, consider: urban/rural, white collar/blue collar, scheduled/spontaneous, high risk/low risk, structured/flexible, long term thinking/short term thinking, direct communication/indirect communication, collective/individual, relatable with power figures/unrelatable with power figures, etc.)
3. What difficulties do you experience when working with people who have different cultural values?
4. Do you enjoy being around people who are more like you or more different from you? Why?
5. Are you able to recognize modern-day idols in your life or others, even when they don't function like ancient statues? What indicators make it appear that people are treating something as an idol?
6. How does the belief in God as Creator (of all nations and people) influence your opinion or treatment of others who have different cultural values?
