**June 28, 2026**

**ONE AWARE THIS WEEK:** In what ways have you surrendered to God's lead with your ONE?

**Read 1 John 1 Jn 2:15-29, 3:1-10, 4:1-6**

1. In 1 John, testing the spirits means refusing to believe every voice automatically. What are some voices, messages, or influences Christians need to test carefully right now?
2. John connects truth with obedience and love. Why do you think he treats belief, behavior, and love as inseparable?
3. The sermon notes contrast "brightsiding" with actually looking for the true light. What is the difference between shallow optimism and Christian confidence?
4. If simple trust, obedience, and love are the faithful response, which of those feels hardest for you right now—and why?
5. John warns believers not to believe every spirit, but to test them. What makes a message sound convincing even when it may not be true?
