Community Group Questions:

- How have you been disappointed or surprised by your experience in church over the years?
- How has that experience shaped what you expect from churches?
- In your opinion, what makes the church different from a social club or political organization?
- What factors are important to you when choosing a church where you want to belong?
- Are those factors different or similar to your church experience when you were younger?
- If they are different, why have your values changed? If they are similar, why have you remained committed to them?
- How do you explain to your non-Christian friends or to your kids why churches struggle with so much division?
- Finally, how do you see Jesus building his church in spite of leadership failures and divisions?
