## Base Camp Discussion "Future Resurrections"

In the message this morning, the pattern of Death, Resurrection, and Ascension was referenced as not only the quite literal experience of Christ, but also an experience that will be repeated in our daily lives as well as in the future of creation itself. What are some ways this pattern has manifested itself in your life (for example, you may have had a "death" in a painful experience, but you relied on the Lord to get you through it, and He "resurrected" that part of your life so that you are now living an "ascension" in new victory in that area)? If you feel comfortable, share a personal example.

Read Romans 8:19-23 in a few different translations. How does the passage hit you personally? Discuss its implications.

What were some assumptions you or others may have had that have been adjusted due to the message today?

Was there anything new you learned in the message today?

Next week, we will be discussing how the very power that raised Christ from the dead is available to us today. As a preview, you may want to read Romans 8.
