

# REMNANT'S REST

**Mark 1:35**  
Jesus got up, left the house and went off to a solitary place, where he prayed.

Stephanie has started spring landscaping. She used the truck to pick up mulch. A couple ladies from our life group came to help replace the old mulch with new. They marked out where to plant the rose bushes and shrubs.

We have a number of bulbs and plants to set out. A few plants were crushed when we painted last year. I'm interested to see which ones survived. We are not gardeners. Our goal is retain resilient flowers and foliage.

Our cheap fabric carport succumbs to wind every year. We want to build a

carport and an equipment shelter, however we are using the resources to finish

the house before erecting a permanent structure. These

inexpensive ports do the job for now.

A neighbor took out a bridge on his property and I collected up the beams. Maybe next year I will build a shelter out of them.

Just as a reminder, we are now calling the ministry in our guest area **Remnant's Rest**. Over the last few years we have received confused feedback over names. I am thankful God got our attention to make a change. We trust that the new name will help His servants understand better our calling.

I have been on the injured list now for almost 3 months. It is taking time to get various levels of treatment. We are believing for supernatural healing. Meanwhile I am on medications to control the pain. I have another appointment with a surgeon to better understand what is wrong and how best to address it.

## Pray for The Workshop

**We have changed the name of the ministry location from The Workshop to Remnant's Rest, pray that there is no confusion.**

*We thank God for each one of you, your prayers and your support as we complete the guest area of our home and welcome ministers for a time of renewal and refreshing.*
