

REMNANT'S REST

Mark 1:35

Jesus got up, left the house and went off to a solitary place, where he prayed.

It's been dry. Getting grass to grow and landscaping to take root has been challenging. However, the hardy mountain trees and foliage are abundant and beautiful. We purchased 16 tons of dirt to landscape the areas torn up by the construction. After shoveling 2 tons last week my bad knee gave out for about 1-1/2 days, making it tough to walk and function.

Our home group has lost and added members. Our conversations are getting more focused and meaningful. We are talking more deeply about the Lord and mysteries of the Word.

Our effort to gather ministers together for a special dinner is slowly moving forward. It is hard to get everyone's schedules to align. We would appreciate prayers for this. Each one agrees that it is important, finding time seems to be a challenge.

I'll be sitting with a pastor. He is not to be alone for a 2-week period post heart valve surgery. I am taking a slot. I pray it will be productive for the kingdom and his healing.

My mom turned 75 in April, Stephanie and I went for a visit. We had a good time and were able to visit my home church. The guest speaker that Sunday wrote a book about how a minister can and should take care of

himself. It addresses the mind, soul, and spiritual aspects of long term ministry health. We bought a copy of his book and it is exceptional. I will add it to my "box" of spiritual tools for serving ministry leadership.

The speaker told a story about an unused fireplace. The fireplace was in perfect order but cold. Once heat was applied it became powerful. That is an analogy to our relational prayer life with Jesus.

Pray for Remnant's Rest

My knee pain is being dulled by medication. Now I must not overdo it and learn the limits.

Ministers meeting.

Young man seeking truth.

We thank God for each one of you, your prayers and your support as we complete the guest area of our home and welcome ministers for a time of renewal and refreshing.
