This picture is a bit dark but Johansen loves to read and has devoured 16 books in Jan. and Feb. He has a goal!!!

Gloria and I have been to 3 baby showers in this last month. Joel's sister, Neema, had her baby girl after Liz helped to plan and prepare a beautiful baby shower for her. There were about 13 ladies and we had such a nice time. The event venue prepared a beautiful buffet for us and the games were fun. Baby girl is now 2 weeks old!!! **I now have 3 more grands!!**

Our little TEA TIME lady's group had a baby shower for Linda at one of our lovely local restaurants. It was a very private, green garden and we had so much fun. We chatted, played a couple games, we prayed for Linda and the baby, who was scheduled to arrive in March. She presented herself last week a bit early at 3kg. She and Mama and Baba are doing very well. Mboka and I held her the evening of her birthday. She is a lightweight, very quiet baby, but so beautiful.

In the morning one day our gardeners did 'pruning' on some of the very large trees on our compound. Tarimu is up in the trees with his machete and Daudi is on the ground doing all the clean up! It took him 2 full days to cut up all the potential firewood.

Gloria and I had a baby shower for Rosemary and Elly's baby at our home with about 10 guests. It was a lovely time and the baby boy was born in early February. Gloria loves holding babies and so do I. He looked me straight in the eyes and didn't cry. Mom, Dad and baby Adriel are getting as much rest as possible, and he is a very quiet baby.

We THANK YOU so very much for all these years of love and support fo our faith-filled labor in the Father's Fields here in Tanzania and other places He has taken us. We could not do ths without you and everything you sow, has its return as God has promised. WE LOVE YOU!! *Alice, Gloria, and Johansen*
