

# FIRE STARTERS

May 2026

The continuing story of the Pricers setting it all ablaze everywhere!

Can you believe we get to partner with Heaven!

Born for such a time as this!

## WHAT AN AWESOME TIME TO BE ALIVE...

**"And you will open their eyes to their true condition, so that they may turn from darkness to the Light and from the power of satan to the power of God. By placing their faith in me they will receive the total forgiveness of sins and be made holy, taking hold of the inheritance that I give to my children!" Acts 26:18 The Passion Translation**

Greetings everyone from 39,000 ft. We are currently on a return flight to Dallas from Europe. We had an amazing time visiting and ministering with the local missionaries and our European friends. Thanks for helping us to go. Although we did minister a few times in the churches there, the goal was to check on the missionaries and minister to them. We were able to spend some really good quality time with them all. And praise the Lord they are all doing well. We traveled together with Dr. Peters and Ms. Tobi along with Caleb Myers, an FI missionary and youth worker. Loved hanging out with them and being a part of spreading the Fire.

### Crewe, England

Phil and Emma Howell have been FI missionaries for a number of years and have been based out of their home-town, Crewe, England, where they work with immigrants and asylum seekers. Through their church, youth outreaches, community grocery store, and other activities, their goal is to build a local body of believers that is in love with Jesus. We had the opportunity to minister in music and the Word, and of course a fire tunnel to close things out. Phil wasn't sure how they would respond to the fire tunnel but it was amazing. Jesus is just good!

-Got to share the love of Jesus in the streets with this guy. Awesome time!

-I was translated into Dutch and French while in Brussels

-I think they understood my Texan across the pond

### Radolfzell, Germany

Buddy and Taryn Raschdorf have only been in Germany for a few years but have built really good relationships with the locals and with the Kurdish immigrants that are there. We had the opportunity to connect with some of them as well as we enjoyed a Kurdish cookout by the lake. From grilled chicken to home-made baklava, it was an amazing feast. While down at the lake one of the guys had been talking with Buddy about getting baptized so we prayed over him and sent him to the deep.

We also ministered in a home group of theirs with Karyn and Ms. Tobi on the piano and Dr. Peters and myself sharing some testimonies and releasing some prayers over them. I believe everyone left very encouraged and full of the Holy Ghost.

### Brussels, Belgium

Our final stop was to visit Carol Britton, FI missionary, and Walter Cockx, a long time friend of FI. Walter's wife went home to be with Jesus a few months back but he seemed to be getting through the grieving very well. So glad we could get over there and bring more joy to his life. Carol is a prayer warrior and has been on the field for 37 years. It was good to spend time with both.

### Thank you

Part of our responsibility as Directors of Field Operations for FI is the health of the missionaries. Thank you for partnering with us so we can bring the workers higher, some in to healing and others just a greater taste of heaven. Love you all.

Blessings,  
Andy & Karyn
