

# FIRE STARTERS

February 2026

The continuing story of the Pricers setting it all ablaze everywhere!

Can you believe we get to partner with Heaven!

Born for such a time as this!

## WHAT AN AWESOME TIME TO BE ALIVE...

**"And you will open their eyes to their true condition, so that they may turn from darkness to the Light and from the power of satan to the power of God. By placing their faith in me they will receive the total forgiveness of sins and be made holy, taking hold of the inheritance that I give to my children!" Acts 26:18 The Passion Translation**

Blessings from Mexico. I pray you are well and God's face is shining upon you. It has been a busy month, and I might need more than one page to get it all in. Enjoy!

### 14th Year of the School

Over the last 14 years, we have graduated more than 250 from our school of supernatural ministry. We love pouring into those who are hungry for more and watching the Lord do amazing things with them. We are already into our 2nd month and currently have 30 students, including the pastor and his wife of the local church that is hosting us this year. One of our early teachings is called "From

Pauper to Prince." Afterward, we make powerful statements over them, declaring who they are, and then we crown them and place a robe on them. Many have never heard words like that spoken over them in that way, but we love to set a precedent for how we will see them and treat them during their time with us. Be in prayer with us for this new group of students that they would excel far beyond anything they could ever dream or hope for. Our school goes until the end of July, so time is short, but we are believing for incredible encounters with the Word and the Spirit. We will keep you updated.

Pastor's wife receiving royal declarations

Paco getting prayer after the declarations

-FIRE Mexico team meeting at our house

-Elise and Sherika are helping Karyn with worship

-Team making sandwiches in the street to hand out

### Visitors and more

Basically, since Jan 3, we have had visitors, teams, interns, and other full-time missionaries staying with us. So not only busy times but absolutely amazing times as well. From a couple of youth purposely getting stung on the buttocks with a scorpion to people on the streets getting born again, it has been a wild and incredible 2026 so far.

Last week, we took a team downtown to give out sandwiches, do wound care, and share Jesus as we often do, and something great happened. I know last month's newsletter was a bit somber, so this bit of news is a great follow-up to those stories. Karyn and a small group took drinks and food and went out on the regular route we take weekly. I stayed at the main square with most of the team and we made sandwiches on the spot and gave them out there. One of the guys we see often

saw Karyn and asked her where I was. She directed him to the square, he ran to find me, and then begged me to get him off the streets. I made some calls and found a place for him. It felt like a redemption story taking place right in front of us, not just for Him but for me. I needed that!

So thank you to all of our visitors who have made the last few weeks so good. They have come from Texas and Georgia, along with a long-term intern from Boerne, Tx, Elise, a wannabe missionary, Melinda, and a full-time missionary, Sherika. You have all filled our home and our city with your unique piece of Heaven.

### Thank you

Your prayers and financial support are so appreciated. You all are part of the FIRE Mexico Team. Thank you, thank you, thank you,

Andy & Karyn

Visiting Team on Lake Chapala
