TEMO AND SARAH ANZALDO

@TEMOYSARAHANZALDO

2025

Was a year of surrender, giving to God everything we have built, what we believe we have to be doing, wondering what is about to come next, but enjoying as much as we can because of His goodness.

WHAT HAPPENED?

* School of Ministry

13th generation

Even though we didn't teach as we used to, we enjoyed being a part of and seeing Temo's mom and sister-in-law graduate.

* Tracks of Hope

December

We partnered with Jorge Moya in giving to the children and adults, clothes for the winter, toys, and food. We shared Jesus with them and spent time with the homeless.

* Loss and joy

Goodbye to a friend

Our friend passed away. We had the honor to accompany the family and see the hope in Him. He is our strength.

Translating at San Lucas Church

Learning Together, Growing Stronger

At the Fire and Joy conference we hosted a missionary from South Africa. Later in November he came back to preach and share the gospel, as Temo drove us around. I translated for Him in different places. What an honor to be a joyful Spanish voice to the people of God.

While Andrew, was preaching, the teacher in me wanted to explain to

them concepts that were new for the brethren but I had to keep myself in the translator shoes. LOL. We saw miracles of healing, a lady whose shoulder was in deep pain, a lady whose sight was bad but then she was able to see clearly. Temo did mini inner healings to a few men. Everybody was so joyful to experience the goodness of God. Jesus Heals! Amen.

Water Baptisms in Texas

While we were traveling in the US, we went to Fireworks Church. On that Sunday there were baptisms. Sarah was longing to be baptized. We told her, that the next time she could do it. It happened to be on this beautiful Sunday morning. We are so proud of her, seeing her faith growing in Him!

Changing History

Partnering with His-Story

2017 was a year where we received words of going to the nations. The people who prophesied over us kept saying USA, starting with Texas. We love the Lord and we said, "Whenever God, you know it best." For years we have planned only one

thing, to be faithful where we are at and to be open when the time comes to move. We are believing that our time has come and we are getting ready to jump as a family into this new adventure. Our word is: TRUST in GOD!

"The path we walk is charted by faith, not by what we see with our eyes.."

—2 Corinthians 5:7 (Voice)

This 2025 in Pictures

We were blessed to work in Michoacan for our training process to handle a disciple home, we had a blast!

We love to support our friends' dreams come true. Here we are supporting Isaias at his first piano presentation.

My mom came to visit. We had lots of laughs, hugs, meals and joyful nights. Huge blessing! Our kids enjoy their abuelita.

What a great year and the Lord has more in store. We are so grateful and believing for more of God in each of you!

Our best wishes for this 2026

From our Family to yours...

Thank you again for your financial support and prayers. We do what we do with joy and strength because you partner with us! The Lord lets us witness so many beautiful things. We believe 2026 will be a greater year for every one of us. How he is going to do it is our work to discover through obedience and faith. Let's see more of His History together.

"It is the glory of God to conceal a matter, But the glory of kings is to search out a matter.."

—Proverbs 25:2
